

STANFORD LEAD

INNOVATION TOUR '23

AN EVENT RUN BY (AND FOR) STANFORD LEAD PARTICIPANTS/ALUMNI

TOKYO

Akasaka

FRIDAY
Sep 29
PM

Agenda:

16.00 - 16.45 - Syncs Earth, Takuya Hirota Co-Founder & Tranceparent, Yukinobu Takaki, Director, President & CEO

<https://syncs-earth.com/ja-us>, <https://tranceparent.co.jp/>

"Fashion inside ecosystem"

Reducing trash from biodegraded clothes. We will accelerate the transition to a decarbonized future by developing the sustainable apparel brand ALLEST and popularizing the material brand Botanicaltech.

Bio:

Takuya Hirota: Trash activist, Master of Agriculture

Yukinobu Takaki: I have been developing material products for 25 years at an apparel trading company. For my 2015 MBA graduation thesis, I started thinking about researching apparel issues and trying to solve them, even if just a little. Founded in 2021 and started sustainable apparel business in 2022.

Organizer & Moderator: **Masa Maruyama**

17.00 - 17.30 - Impact by LEAD

"Impact by LEAD's initiative"

We will present about the current activities of our groups activities and Book Project

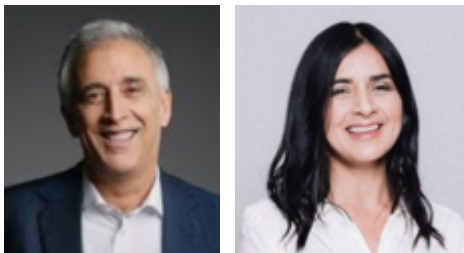

Speaker: **Gricha Safarian, Juana Catalina, Jean Bozman**

Company intro: This group is aimed at creating a LEAD Alumni managed Think Tank that will work on promoting a disruptive "value creation - value sharing equation", focusing on Amplification of the Value Sharing towards all stakeholders (including the environment). We plan to issue White Papers on specific topics. We believe that this is one way to save the planet and we hope to gather a lot of participants to this long term objective.

Organizer - **Sachio Nishioka**

Syncs.Earth

** Included in the fees. Partner and Kids are not included.
